LIFE Index-Air notice boards were created using the project's image with a clear and simple message. A preliminary version was displayed since November 2017 and, after March 2017, the final version with the project's image have been displayed at the project beneficiaries' sites (IST, NCSR-D, THL and UA) in strategic places accessible to the general public and also at the project events. The final version of LIFE Index-Air notice boards were created in English (Figure 1) and all languages of the beneficiaries (Finnish - Figure 2, Greek - Figure 3 and Portuguese - Figure 4).
